JERRY NAYLOR PRESENTS THE ULTIMATE ROCKABILLY ANTHOLOGY

LIVE IT

Over seven years in the making, *The Rockabilly Legends: A Tribute to My Friends* transports you from the Depression era cotton fields of Arkansas, Tennessee and Texas, into the southern juke joints, honky tonks, recording studios and rural churches for a passionate journey with the pioneers of Rockabilly and Rock and Roll—pioneers named Elvis Presley, Carl Perkins, Johnny Cash, Roy Orbison, Buddy Knox, Gene Vincent, Johnny Horton, Buddy Holly and The Johnny Burnette Trio. Conceived, written and produced by Jerry Naylor, former lead singer of The Crickets after the tragic death of Buddy Holly, this is a restoration and preservation of an era that changed music forever. Here, the legends themselves reveal the earthy story of how Rockabilly and its founders changed a generation and influenced all music that followed. Within this story, you will discover why . . .

They called it Rockabilly long before they called it Rock and Roll.
