JERRY NAYLOR PRESENTS THE ULTIMATE ROCKABILLY ANTHOLOGY

SEE IT

The Rockabilly Legends: A Tribute to My Friends 2-DVD music documentary set includes the riveting 169-minute cinematic production. Also included is a second DVD of rockabilly tribute performances by Jerry Naylor and Stan Perkins, son of legendary Carl Perkins, with the Rockabilly Blue Band, filmed at Patrick McGuire Recording in Arlington, Texas. In addition, you will see other rare bonus footage and performances.

HEAR IT

Four Newly Recorded Documentary Soundtrack CDs: Three of the soundtrack CDs feature the former lead singer of the Crickets, Jerry Naylor, paying tribute to the Rockabilly Legends with whom he began his entertainment career over fifty years ago. Also included are selections revealing the roots of Rockabilly—African American spirituals, Delta blues, Southern Gospel, Bluegrass and Hillbilly music. Stan Perkins and Jerry Naylor perform a duet tribute to Carl Perkins on the fourth CD, ***Tribute to the Rockabilly Legends: To Carl; Let it Vibrate***, which features Carl Perkins classics as well as original songs written by Stan in honor of his legendary father.

COMP IT

Eight Rockabilly Legends Compilation CDs: These compilation CDs are filled with original master recordings of the best-known Rockabilly Legends' hits, each digitally refurbished and restored exclusively for this memorable collection. These masters sound as powerful and fresh as the

day they were first recorded. Each of the eight compilation discs contains a rare bonus track carefully chosen for this Rockabilly Legends collection from live performances by The Everly Brothers, Bill Haley & The Comets and Gene Vincent.

EXPERIENCE IT

Live on the Louisiana Hayride CD: Imagine having the rare opportunity to experience—up-close-and-personal—unforgettable 1950's live performances by Elvis Presley, Johnny Cash, Johnny Horton, Bob Luman and Hank Williams from the historic stage of the Louisiana Hayride. It's as if these artists are giving a private performance in your own home—an intimate music experience.

LISTEN IN

Conversations With the Rockabilly Legends CD: These rare interviews are conducted by legendary radio and television personality Red Robinson. It is no surprise that Red Robinson was honored by the Rock and Roll Hall of Fame and Museum for his more than 50-years of radio and television work and his mammoth contribution to the growth of Rock and Roll. Red not only played the Rockabilly Legends' music, but he also became personal friends with each of them. Now, he allows you to listen in on his private, one-on-one conversations with Elvis Presley, Johnny Cash, Carl Perkins, Roy Orbison and Jerry Lee Lewis—conversations so rare that only a Legend himself could share them with you.
